

MARA VOSS

Digital Archivist and Interactive Media Designer

Port Alder, Oregon | hello@maravoss.com

PROFESSIONAL SUMMARY

Early-career digital archivist and interactive media designer focused on preserving cultural memory through accessible, contextual digital experiences. Experienced with archival description, metadata organization, local-history research, low-fidelity prototyping, and public-facing storytelling.

PROFESSIONAL EXPERIENCE

Digital Archive Assistant

Port Alder Maritime Museum | June 2025 - Present

- Scan and catalog historical photographs and prepare materials for online exhibitions.
- Create descriptive metadata, image descriptions, and accessible archival organization.

Interactive Media Intern

North Coast Memory Lab | January 2025 - May 2025

- Created low-fidelity prototypes for a local-history website and supported navigation testing.
- Organized oral-history recordings and prepared concise summaries for public access.

Book Conservation Volunteer

Port Alder Community Library | September 2023 - December 2024

- Documented damaged books and supported a local newspaper digitization project.
- Assisted with preservation records, scanning, and careful handling of historical materials.

SELECTED PROJECTS

The Harbor Letter Archive <i>Digital Archive Designer</i> Organized harbor-worker letters from 1940-1960 with metadata, accessible navigation, and historical context.	Vanishing Storefronts <i>Researcher and Content Designer</i> Documented changing Port Alder businesses through photography, interviews, and local-history research.
Weather Room <i>Interactive Media Designer</i> Combined weather records, radio clips, maps, and fictional diary entries into an archival storm narrative.	Tide Marks <i>Information Designer</i> Presented fifty years of tide records and shoreline change through an understandable digital visualization.
